This Online Open Morning offers an opportunity to find out more about the various training courses in Group Analysis available through Turvey Groupwork and to consider a formal training at Foundation and Diploma level. All our courses are convened by qualified Group Analysts and conducted under the aegis of the Institute of Group Analysis (IGA).

**The Foundation Courses in Group Analysis at Turvey and Oxford** will be of interest to those who would like to know more about, and gain a deeper understanding of, the creative potential of groups. It will appeal to anyone working, or hoping to work, with groups, whether in clinical, therapeutic or other settings. It also provides opportunity for progression to the IGA Diploma Course in Groupwork Practice.

**The Diploma in Group Work Practice at Turvey** is an advanced introduction to the theory and practice of group work which can lead to Group Work Practitioner status and Associate Membership of the IGA. It also provides entry to full training as a Group Analyst.

You are invited to join us for the day, when there will be an opportunity to meet local group analysts who will be able to answer your questions about the Foundation Course, the Diploma in groupwork and other national trainings.
